

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 50

12900 Crosby-Lynchburg Road

Barrett Station, Texas 77532

Phone: (281) 328-2041 • Fax: (281) 328-5750

Landlord Agreement for Continuation of Utility Service

(Covers All Water/Sewer)

The Continuation of Service Agreement is designed to provide uninterrupted utility service to a property between tenants. The utility service for water/sewer and City electric accounts will automatically be transferred from the tenant's name into the landlord's name at the time service is discontinued for the tenant. A separate billing for each property will be generated when the service is continued in the landlord's name.

The landlord and Harris County MUD 50 agree as follows:

- The effective date of this agreement will be upon signature and receipt by the District, and billing will be implemented within the next billing cycle. The agreement will remain in effect until the landlord or Harris County MUD 50 notifies the other in writing of its intent to cancel the agreement. Cancellation shall become effective within thirty (30) days after mailing of written notice. This agreement, at the option of the District, may be discontinued at any time.
- Harris County MUD 50 will notify the landlord in writing or by email when an existing utility service has been discontinued or a new utility service is established by a tenant or the Harris County MUD 50.
- An account will not revert into a landlord's name if a tenant's service is disconnected for nonpayment. If service is terminated for nonpayment, the landlord can request service be reinstated in their name after the tenant has moved out.
- The landlord is responsible to notify the Harris County MUD 50 in writing to terminate the billing when a property is rented or sold. The landlord is responsible for all utility charges until the Harris County MUD 50 receives proper notification. The landlord is also responsible to notify the new tenant of their need to contact the Harris County MUD 50 to establish utility service and pay the appropriate deposit(s).
- The landlord may add or remove properties from this agreement only by written request to Harris County MUD 50. Please notify us when you no longer own or manage a property listed in your agreement. Requesting a shut-off of service will not remove that property from your agreement, and you could be charged for future utility service.
- In the event of a simultaneous request for discontinuation of service from a current tenant and a request to establish service from a new tenant of the same rental property, the account will pass from the existing tenant to a new tenant without the provisions of this agreement being invoked.
- Utility bills incurred by the landlord through this agreement that are not paid on a timely basis and require collection activity may be transferred to any active account in the landlord's name.
- The landlord assumes all risks associated with continuous utility service at the premises such as, but not limited to, freezing of fixtures and pipes, water damage due to open or broken fixtures, theft of service, and tenant's failure to notify the Harris County MUD 50 to establish or discontinue service.
