Water Update

Harris County MUD 50

Dear HC MUD 50 Resident,

As part of our ongoing efforts to improve services to our customers, your water meter will be replaced beginning late February.

Here's what you can expect:

· Typically, meter installation will take place between Monday and Friday from 8:00 a.m. to 5:00 p.m.
· Meter installers will have Accurate Meter logos on their trucks, uniforms and photo identification badges.
· In most cases, the exchange will take less than 15 minutes.
· You will experience a brief outage in your water service.
· Customers are asked to secure loose pets, and to make sure that your water meter area is clear of stored items.

With the new meters, we are excited to announce real-time notification of your daily water usages. Please be on the lookout for more information on the benefits of your new Smart Meter!
